Sketchbooks are an ESSENTIAL part of the Art Studio program; it is **recommended** for art students to get a coil or hard bound sketchbook with over 100-150 pages (8.5x11) with higher quality paper (mixed media or sketching quality). We will do our best to find the best prices for the art materials (retailers prices vary throughout the year). Some materials will be available while quantities last. It's also recommended for students interested in continuing their visual arts education throughout their journey at Salish, get a storage tube (or another carrying portfolio) to save and transport artwork between school and home. If there are art materials that you are interested in and are not found on this list or have any questions, please feel free to contact Ms. Trujillo (trujillo_a@surreyschools.ca) for more information.
